MAY ORGANIZE HUMANE SOCIETY

It has been proposed that a Humane Society be organized in Ada, and it is to be hoped that the movement will succeed. Humane societies have done a wonderful work in preventing the abuse of animals, and also in teaching humanitarian principles to the growing generation. By all means let the society be organized at once.

WILLIAMS AND KIRK WILL BE HERE SATURDAY EVENING

Judge R. L. Williams and Gen. Brant Kirk will be here Saturday evening to address the voters of Pontotoc county on the candidacy of Champ Clark for the presidential nomination. Although the meeting was arranged by the Clark club, it is for everybody, no matter what political faith he may be of, or whom he may favor for the democratic nomination, and a hearty welcome will be accorded alike. You have often paid to hear lectures much less interesting than the talks that will be made by these two speakers.

The meeting will be at the city hall and will be called to order promptly at 7:30.

County Assessor Heard states that he is going to do all the work of assessing himself as far as it is possible to do so. This will insure uniform assessing and give much better satisfaction than if left to the attention of deputies.

PONTOTOC CO. SINGERS WILL MEET JAN. 27

To the Singers and Teachers and All Who May Be Interested:

We are aware of the fact that the Singers and Teachers' Convention of Pontotoc county convenes with the Pecan Grove class on the 27th and 28th of this month. As president of this convention I earnestly ask the co-operation of every singer and music lover in this county to make this one of our banner sessions of the new year. Let us all go with renewed energy. Let all lend a helping hand and push the good work along. Let all music loving people consider themselves a committee of one to come to the convention and bring some one with them.

Respectfully,
JESS L. COLLINS.

UNITED STATES MAY INTERVENE

CUBA WARNED THAT PEACE MUST BE MAINTAINED AT ALL HAZARDS.

Washington, Jan. 16.—The situation in Cuba has reached a stage so acute that the state department cabled to Minister Beaupre this morning a note of warning to be delivered to the Cuban government. Up to the closing of the department this afternoon no word had been received from Mr. Beaupre.

The situation, which has been alternatingly acute and composed, was responsible early in December for a conference at the White House, as told in these dispatches at the time, when the state department asked Gen. Wood how speedily an armed force for intervention could be put into Cuba.

Two statements were issued at the department in explanation of the matter. The first shows the cause of the action taken, and says:

"Minister Beaupre reports from Cuba that in defiance of a decree issued by President Gomez forbidding officers of the army and rural guard to participate in politics which was already prohibited by military law, and also forbidding their attendance at meetings of the veterans' Association many officers of the army and rural guard attended a meeting on the night of the 14th inst. of the National Council of Veterans, where they were accorded a pronounced ovation. The situation is regarded as the most serious that has yet presented itself since the veterans' movement began."

The second gives the language of the note telegraphed to Mr. Beaupre for presentation to the Cuban government, as follows:

"The situation in Cuba as now reported causes grave concern to the government of the United States. That the laws intended to safeguard free republican government shall be enforced and not defied is obviously essential to the maintenance of the law, order and stability indispensable to the status of the Republic of Cuba, in the continued well being of which the United States has always evinced and can not escape a vital interest."

"The president of the United States therefore looks to the president and government of Cuba to prevent the threatened situation, which would compel the government of the United States, must against its desires, to consider what measures it must take in pursuance of the obligations of its relations to Cuba."

The information in possession of the State Department goes considerably farther than was indicated by the first statement. It is not merely the defiance by the officers of the army and rural guard of President Gomez's decree that constitutes the seriousness of the situation. It is the added fact that veterans have demanded that the decree be treated as a dead letter, and have threatened in case that is not agreed by President Gomez to make the last resort.

The last resort in Cuba is always a revolutionary appeal to arms, and the administration says it will not stand by and permit such a performance.

It will be recalled that the second intervention took place when the revolution against Palma was hardly more than begun, and it is evident now that this government will not permit any further display of that kind of activity. The demand of the veterans for the nullification of the Gomez decree points to military dictatorship, and to that only.

R. C. Jeter has gone into the grocery business and is located in the Rollow building one door west of I. Harris. Mr. Jeter has been a resident of Ada for a number of years and needs no special introduction to the public.

The Star Candy factory in the Tobin building on 12th street is now ready for business, as will be noted from the quarter page ad in this issue of the News. Theodore Kritokos is the proprietor of the new enterprise, and deserves to succeed.

PASTORS CONDEMN SUNDAY BASEBALL

Whereas, an article appearing in The Evening News under date January 16, 1912, regarding the question of Sunday base ball in Ada for the season of 1912, invites objections, if any, through the columns of the News:

Now, therefore be it resolved by the Pastors' Association of Ada:

That we do enter our earnest protest against this contemplated movement on the following grounds:

1. It would be a violation of the laws and moral sentiment of the state.
2. It would be a desecration of God's holy day set apart unto man for rest and worship.

HOW ONE WOMAN WON

Her Health and Strength Back Again by The Use of Cardui.

Tampa, Fla.—In a letter from this city, Mrs. E. C. Corum writes: "I was all weakened and worn out with womanly troubles. My husband brought me some Cardui as a tonic, and, from the first day, it seemed to help."

I had almost lost my reason, but, thanks to Cardui, I did not. Soon, I felt and looked like a new woman. I think the remedy is wonderful. I recommend it to my friends, for I have received great benefit from it."

Cardui acts specifically on the weakened womanly organs, strengthening the muscles and nerves, and building them up to health.

It helps to refresh the worn-out nervous system and relieves the effects of overwork, both mental and physical. Fifty years' successful use fully prove the merit of this purely vegetable, tonic remedy for women.

In every community, there live some who have been benefited by Cardui. The beneficial effects of this time tested woman's remedy, soon show themselves in many different ways. Try it.

BRANT KIRK WILL SPEAK AT THE BAPTIST CHURCH

Preparations are being made for a rousing meeting on the evening of Friday, the 19th, when Gen. Brant Kirk will deliver his address on the life and services of Gen. R. E. Lee. The Baptist church will be the place of meeting. Not only are the veterans planning to do their part on this occasion but the Sons and Daughters, especially the latter, are also taking a deep interest in it. The hour will be 7:30.

The warehouse of the Ramsey Drug Co., which has stood in the rear of the Farmers State bank, has been moved to the rear of the Ramsey store. This is probably the first step towards extending the building back to the alley.

Phillips on Matrimony.

The late David Graham Phillips had, like many bachelors, a cynical view of matrimony. Mr. Phillips, at a reunion of Princeton's class of '87, at the Princeton club, said of marriage: "The Persians have a proverb that every young man should consider well before proposing. It runs: 'He that ventureth on matrimony is like unto one who thrusteth his hand into a sack containing many thousands of serpents and one eel. Yet, if the prophet so will it, he may draw forth the eel.'"

Origin of "Blackguard."

Blackguard is said to come from a nickname applied to a group of boys always on hand to black the boots of the horse guards who paraded at St. James park, London, although Webster gives its probable origin as coming from the scullions, smutted from handling kitchen utensils. It now means a person of low character, especially one who indulges in scurrilous or abusive language.

DON'T DELAY

Some Ada People Have Learned That Neglect Is Dangerous.

The slightest symptom of kidney trouble is far too serious to be overlooked. It's the small, neglected troubles that lead to serious kidney ailments. That pain in the "small" of your back; that urinary irregularity; those headaches and dizzy spells; that weak, weary, worn-out feeling may be nature's warning of dropsy, or fatal Bright's diseases. Why risk your life by neglecting these symptoms? Reach the cause of the trouble while there is yet time—begin treating your kidneys at once with a tried and proven kidney remedy. No need to experiment—Doan's Kidney Pills have been curing kidney trouble for over 55 years. Doan's Kidney Pills are used and recommended throughout the civilized world. Endorsed at home. Read Ada testimony.

Mrs. W. C. Cantrew, Stockton avenue and Seventh street, Ada, Okla., says: "When I suffered from backache and my kidneys were disordered I was advised to use Doan's Kidney Pills, and did so. They restored my kidneys to a normal condition and removed the pains. I am pleased to recommend this remedy to any one who feels in need of it."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

May Change Date of Inauguration.

Washington, Jan. 16.—The house judiciary committee today ordered favorably reported the Henry resolution changing the date of the presidential inauguration from March 4 to the last Thursday in April and the terms of representatives in congress to begin the second Tuesday in January instead of on March 4. These changes would be effective April, 1917, and January, 1918, respectively.

The Henry resolution would provide for extension of the term of the president and vice president elected in 1912 to the last Thursday of April, 1917.

Congress would convene annually on the second Tuesday in January. This would leave the biennial elections in November, except in Oregon in June, and in Maine and Vermont in September.

Several democratic members reserved the right to amend the resolution on the floor.

Ordinance Number 258.

An ordinance granting to the St. Louis and San Francisco Railroad Company, its successors and assigns, a right of way, on certain streets and avenues of the City of Ada, for the purpose of erecting, maintaining and operating its depots and railroad tracks, within the City of Ada, Oklahoma.

Be It Ordained by the Mayor and Councilmen of the City of Ada, Oklahoma, in regular session assembled:

Section One. That all that portion of Stockton avenue from the North line of Main street; North three hundred feet to the South line of 10th Street; 10th Street from the East line of Stockton Avenue East to the East and South line of the St. Louis and San Francisco Railroad Company's right of way; Ninth Street from the West line of Broadway avenue west to the West line of the St. Louis and San Francisco Railroad Company's right of way, be and the same is hereby appropriated and granted to the St. Louis and San Francisco Railroad Company, for the purpose of erecting, maintaining and operating its depots and railroad tracks within the City of Ada, Oklahoma.

Passed by the City Council this 15th day of January, 1912.

Approved by the Mayor this 16th day of January, 1912.

The BEST KING

is the one who does the most for comfort and welfare of his subjects. The BEST FUEL is that which most contributes to the comfort and welfare of its user, at the least expenditure of money. There is no danger of King Coal being deposited because he has demonstrated that he can produce a more uniform heat than wood. Lasts longer and costs less.

Remember if you get 1500 lbs. of lump coal and 500 lbs. of slack for a ton you have really only 1500 lbs. of coal as the slack is worthless to you. We would not let you have slack if you wanted it as we need it for our boilers, so be sure and get our prices before you buy.

CAN'T AGREE ON DIRECT ELECTION PLAN

Washington, Jan. 16.—Although the House conferees today rejected the compromise proposal made by the senate conferees last week, the outlook today as the result of further efforts on the part of the progressive

of both houses of Congress to get together is that the senate and house will be given a chance in a few days to effect an agreement on the subject of the direct election of United States senators.

The senate committee proposal was that the conferees agree on a simple resolution for the direct election of Senators, without any reference to the question of federal control over such elections, but that with the adoption of the conference report on this subject there shall be adopted a separate resolution providing for a repeal of all reference in the constitution to federal control of elections affecting membership in congress. The Democrats felt that this latter proposal would fail of ratification by State Legislatures and they rejected the proposal today.

Thereupon the managers for the two houses put their heads together in a final effort to compose their differences and it was agreed that the managers on behalf of the senate should ask that body for instructions to agree to the house resolution,

coupled with the Bacon amendment which provides that where the states have not provided for the direct election under safeguards of United States senators, congress shall step in and provide for such elections.

Some Misgiving Felt.
Inasmuch as the direct election resolution passed in the senate by but four votes more than the necessary two-thirds, as modified by Senator Bristow, there is some misgiving as to what the reactionaries will do when it comes to finally voting on the resolution with the Bristow amendment substituted. The senate can instruct the conferees to substitute the Bacon for the Bristow amendment by a majority vote, but final adoption of the resolution as agreed on in conference requires a two-thirds vote.

Harry Parks Makes Offer.

Owing to the fact that some friction has arisen on several occasions on account of the lease on the city hall auditorium held by Harry Parks he states that to keep everything harmonious he will make the public a most liberal offer. He showed the reporter an itemized statement of the cost to put the house in shape for use, the total amount being a trifle over \$700. He offers to sell the whole outfit to the public for the sum of \$385, or a little more than half price. This proposition might be given some attention, for even if he cleared everything out, considerable expense would be involved in seating the room and arranging the stage would mean more money.

A LIBERAL OFFER

We Guarantee to Relieve Dyspepsia. If We Fail the Medicine Costs Nothing.

To unquestionably prove to the people that indigestion and dyspepsia can be permanently relieved, and that Rexall Dyspepsia Tablets will bring about this result, we will furnish the medicine absolutely free if it fails to give satisfaction to any using it.

The remarkable success of Rexall Dyspepsia Tablets is due to the high degree of scientific skill used in devising their formula as well as to the care exercised in their manufacture, whereby the well-known properties of Bismuth-Subnitrate and Pepsin have been combined with Carminatives and other agents.

Bismuth-Subnitrate and Pepsin are constantly employed and recognized by the entire medical profession as invaluable in the treatment of indigestion and dyspepsia.

The Pepsin used in Rexall Dyspepsia Tablets is carefully prepared so as to develop its greatest efficiency. Pepsin supplies to the digestive apparatus one of the most important elements of the digestive fluid. Without it the digestion and assimilation of food are impossible.

The Carminatives possess properties which aid in relieving the disturbances and pain caused by undigested food. This combination of these ingredients makes a remedy invaluable for the complete relief of indigestion and dyspepsia.

We are so certain of this that we urge you to try Rexall Dyspepsia Tablets on our own personal guarantee. Three sizes, 25 cents, 50 cents, and \$1.00. Remember you can obtain Rexall Remedies only at our Store—The Rexall Store—Gwin & Mays Drug Co.

County Assessor Law Attacked.

Oklahoma City, Jan. 17.—The constitutionality of the new county assessor law known as house bill No. 160, passed at the last session of the legislature, is directly attacked in a suit filed in the superior court Tuesday by J. G. Gray, township assessor of Spring Creek township of Oklahoma county, against J. C. Frazier appointed county assessor.

The suit is in the nature of application for an injunction to prohibit Frazier from carrying out the duties of his office and it is alleged that the act was illegally passed in that it did not specifically repeal all laws in conflict therewith.

It also is alleged that the bill is in conflict with the constitution in that it seeks to deprive a duly elected official of his rights and privileges without due process of law.

Gray further claims that his term as township assessor does not expire until December 31, 1912, and that he is entitled to the fees and emoluments of the office up to that date. He argues that this will constitute double liability on the part of
